

Corporate Express Environmental Policy

Our Organisation

We employ over 2,500 staff in 50 locations throughout Australia and New Zealand to source, warehouse and distribute business essentials to our customers.

Our mission is to provide single source supply solutions that make it easier and more cost-effective for our customers to do business.

Our Environmental Management Commitment

- review and continually improve our environmental procedures with the objective of improving our environmental performance and preventing pollution
- operations at all locations to comply with applicable regulations
- promote throughout our company a strong environmental ethic as part of our culture
- favourably consider suppliers who pursue good environmental management practices in line with our ethical sourcing philosophy
- help conserve resources by the design of operations processes that reduce the use of raw materials, packaging and energy

Our Achievements

- Founding member of the BRBA (Buy Recycled Business Alliance)
- Delivery vehicles subscribed to Greenfleet
- EarthSaver product range
- Participation in the scheme for recycling of photocopier toner cartridges
- Partner with PaperlinX Office to offer a wide range of Australian-made white office papers, using pulp and fibre from sustainable sources
- Signatory to the National Packaging Covenant (NPC)
